

GREEN-MYSTIC

SEAWEED EXTRACT

Organic Vitality Stimulant

WHAT IS GREEN-MYSTIC?

The ancestors have spoken. Since the beginning of time, wise growers have used marine algae to **improve performance and the health** of their crops.

With Green-Mystic we adapt that ancient wisdom to our present day and apply it to our plants in order to obtain a whole lot of benefits.

This algae extract based stimulant promotes hormonal vegetative growth and absorption as well as assimilation of micronutrients, like calcium and magnesium. It **improves plants' vitality, reduces the impact of biotic and abiotic stress, increases the crop's recovery capacity** after an episode of drought or overwatering, extreme temperatures, or external attacks.

Together with the macronutrients from Grow-Soldier and Flowa-Bloom, Green-Mystic creates an ideal environment where the plants enjoy excellent vitality and **produce at their maximum potential**.

Green-Mystic is based upon a deep connection with nature. When it comes to taking from the sea, we consciously and respectfully collect only the best, only the necessary. And we treat it in a natural way, so that you **get the all the best that Mother Earth has to offer**, in your pot.

Green-Mystic combines a high level of manitol, alginic acid, manganese. Such an organic, functional, and absorbable liquid is made possible by using enzymatic hydrolysis, a natural process that maintains the algae properties to the fullest..

Green-Mystic can be applied with regular watering, so that it works in tandem with substrate microorganisms,

APPLICATION

Green-Mystic is suitable for all mixtures of substrates, mediums and all growing methods.

Water Regular watering **Dose** 1-4 ml per litre of water

SETTING	PHASE	FUNCTION
INDOOR	GROWING	NPK
OUTDOOR	BLOOMING	NUTRITION

CAUTIONS AND WARNINGS

Keep out of the reach of children.
Do not swallow.
Use following the instructions.

further stimulating the development of life. We can also apply it as a **foliar spray** for quick and effective absorption and action.

HOW TO USE IT

Green-Mystic is low in nitrogen, phosphorus, and potassium, making it a highly versatile stimulant that can be used in both the growth and flowering phases. Try it in any growing medium by Juju Royal Julian Marley Powered by Biobizz.

FORMATS
250ML, 1L, 5L

FEEDING PLAN

Follow these doses when using:

LIGHT-REBEL or **COCO-KAYA**
